

Heat with Wood Pellets

Multiple Buildings, Domestic Water and More

Up to
\$2,000
TAX CREDIT
On qualifying models and installation

Save Money & Fuel - Heat buildings and water with the Maxm M255 PE outdoor wood pellet furnace. Electronic ignition saves fuel by stopping and adding fuel as needed.

Safety - Installing the Maxm outdoors eliminates the dangers and mess associated with indoor pellet stoves.

Convenience - Simply fill the large integrated hopper and enjoy days of heat from a single load.

* On qualified models and installation. US Internal Revenue Code Sec. 25(C) effective Jan. 1, 2023, for heating a residence. Consult a tax professional with any questions.
